

# Combining Forces!

NCI Canada Inc and ValvSource Equipment Ltd have joined forces, merging to form a dynamic new company called Access Flow Products.

This merger represents a strategic alliance between two industry leaders, combining their strengths, expertise, and market presence to create a unified force in the field of industrial flow products. By leveraging their collective knowledge, **Access Flow Products** is poised to provide the industry with a comprehensive range of high-quality valves, fittings, strainers, gauges, and more.

With a shared commitment to innovation, customer satisfaction, and operational excellence, the newly formed company is well-positioned to meet the evolving needs of clients across Canada. Servicing a diverse range of sectors, **Access Flow Products** will undoubtedly set new standards in the industry, delivering quality products, and unmatched service.

**Access Flow Products is now the manufacturer of the following brands NCI, FLOW+, WGI, and SSI.**

**In addition, Access Flow Products is the distributor of NIBCO, Webstone, and LESSO products.**

## Moving Forward

The combined company, **Access Flow Products** will leverage the complementary resources and industry expertise of ValvSource Equipment Ltd. and NCI Canada Inc. to enhance its competitive position in the market. The merger is expected to create synergies and operational efficiencies, leading to improved customer service, expanded product offerings, and increased market share.

The joined forces of NCI Canada Inc. and ValvSource Equipment Ltd. brings together their strengths and expertise to drive innovation and value creation. ValvSource Quebec and ValvSource America will continue to serve their markets and are unaffected by this merger.

**Thank you for your continued support.**
